

The NMHA Executive was disappointed to learn of the Emergency Order issued by the Government of Ontario. However, this Order does have a significant impact on our program going forward.

Over the next few days, the Executive will be consulting with the City on their plans for their facilities. We will also consult with HEO regarding the image of this Order on the participation and insurance fees that we are obliged to meet.

In the interim, for those of you who have installment payments due February 1, we have suspended the collection of fees that are due on that date until we have more information on when our programming can potentially resume.

Any requests for refunds will be held until a decision is reached by the Executive on our program.

We ask that you remain patient and we can assure you that that, as always, we will be working in the best interest of our membership moving forward.

More information will be provided to you as it comes available.

Stay home and stay safe.

NMHA Executive
